

## ASIA: Students receive 6 free samples of food

"Behind each joke is appreciation (for) the large diversity that is celebrating different Asian ethnicities," Nguyen said.

The hosts also provided the crowd with facts about IU and the Asian population. For example, Nguyen said Korean is the second-most widely spoken language at IU.

Other performances included a performance from the

band Ebb, which specializes in Chinese rock.

Graduate student Erin Wilson performed a folk traditional dance called "dadas," which represents a healing and spiritual process. Wilson danced and made rhythms with bronze bracelets she wore.

Kim performed four different songs. One of the songs, "I will Love You More," may be the first single from his upcoming debut album.

A colorful Lion Dance by IU Chinese Student Scholar Association brightened up the stage. The traditional

Chinese dance is usually performed during the Chinese New Year. It involved two people dressing up as a dragon.

The Filipino Student Association performed "Singkil." The dance recreates a folk tale of a prince saving a princess in a forest. Bamboo sticks were used to recreate the falling trees.

The last student performance was by IU Salmunori. The powerful performance of "Salmunori" consisted of six students playing small drums.

Senior Youle Wang enjoyed this performance the best.

"I think I liked the Korean performance ("Salmunori") because I saw it as a unity effort," Wang said.

After the show, students were allowed to receive six free samples of meals and water. The participating restaurants included Chow Bar, Fortune Cookies, Esan Thai Restaurant, Sobon, Asuka Japanese Sushi and Steak House and the Sushi Bar.

All of the food was traditional Asian food such as su-

shi, Jap Chae, fried rice and tofu pad thai.

Graduate student Stephanie Davis said she came to Taste of Asia in support of diversity.

"(I came) because I think it teaches you about culture," Davis said. "As a black student, I know how it is and we like to have a good turn out (at cultural events)."

IU visitor Brian Bender agreed with Davis on supporting diversity.

"In basketball land of Indiana, (it is) good to see diversity," Davis said.

a tactful way but isn't afraid to speak what's on his mind," Quinley said.

When the root beer in the keg started getting flat, the dean was presented with another personalized mug - almost identical to the one he received last year.

"I can double-fist," McKaig said, laughing. "I won't have to go back to the keg quite as often."
